Dear Sir:

Applicant has found errors in the above referenced issued patent. Applicant believes that all of the errors found are an Office Mistake and not the fault of Applicant. Applicant requests that a Certificate of Correction under 35 U.S.C. §254 be issued. Attached is form PTO/SB/44 (04-05). The errors occur in the claims, which were the subject of an Examiner's Amendment in the Notice of Allowance issued on 04/08/2005. Upon review of the Examiner's Amendment, Applicant found errors made by the Examiner in the claims. Applicant mailed an Amendment After Allowance on 05/02/2005 identifying the errors. The Examiner eventually issued a Supplemental Notice Of Allowance with an Examiner's Amendment on 09/07/2005, correcting the mistakes in the claims. However, the issued patent does not reflect those corrections.

In claim 1, column 13, Line 5, the phrase "instances primary" should read -- instances of primary -- as shown for claim 1 in the Examiner's Amendment in the Supplemental Notice Of Allowance.

In claim 1, column 13, Line 28, the phrase "capture location" should read -- captured location data -- as shown for claim 1 in the Examiner's Amendment in the Supplemental Notice Of Allowance.

In claim 11, column 14, Line 40, the word "With" should not be capitalized and should read -- with -- as shown for claim 12 (renumbered 11 in the patent) in the Examiner's Amendment in the Supplemental Notice Of Allowance.

In claim 21, column 15, Line 41, the phrase "executable computer perform" should read -- executable by a computer to perform -- as shown for claim 23 (renumbered 21 in the patent) in the Examiner's Amendment in the Supplemental Notice Of Allowance.

In claim 21, column 15, Line 43, the phrase "in repository" should read -- in a repository -- as shown for claim 23 (renumbered 21 in the patent) in the Examiner's Amendment in the Supplemental Notice Of Allowance.

In claim 21, column 15, Line 64, the phrase "verbal create" should read -- verbal observations to create -- as shown for claim 23 (renumbered 21 in the patent) in the Examiner's Amendment in the Supplemental Notice Of Allowance.

In claim 27, column 16, Line 38, the phrase "execute process" should read -- execute a process -- as shown for claim 30 (renumbered 27 in the patent) in the Examiner's Amendment in the Supplemental Notice Of Allowance.

In claim 27, column 16, Line 40, the phrase "defining instances" should have been deleted as shown for claim 30 (renumbered 27 in the patent) in the Examiner's Amendment in the Supplemental Notice Of Allowance.

In claim 27, column 16, Line 52, the word "and" should have been deleted as shown for claim 30 (renumbered 27 in the patent) in the Examiner's Amendment in the Supplemental Notice Of Allowance.

In claim 33, column 17, Line 56, the phrase "one said" should read -- one of said -- as shown for claim 30 (renumbered 33 in the patent) in the Examiner's Amendment in the Supplemental Notice Of Allowance.

In claim 33, column 17, Line 60, the phrase "one said" should read -- one of said -- as shown for claim 30 (renumbered 33 in the patent) in the Examiner's Amendment in the Supplemental Notice Of Allowance.

In claim 33, column 18, Line 3, the phrase "verbal create" should read -- verbal observations to create -- as shown for claim 30 (renumbered 33 in the patent) in the Examiner's Amendment in the Supplemental Notice Of Allowance.

Applicant does not believe that any fee is due with this request, but if so, please charge any fee due to Deposit Account No. 50-0792.

Respectfully submitted,
